

Take the East Tampa
Community Survey!
www.WeAreEastTampa.com/surveys

We are excited to announce the beginning of a Strategic Action Master Plan for the East Tampa Community Redevelopment Area!

The East Tampa Community Redevelopment Area (ETCRA) is a defined area with special opportunities for reinvestment into the community based on the goals of the Strategic Action Plan.

The Purpose is to identify the needs of both residents and businesses in East Tampa in order to create a plan of action and investment that enhances quality of life and builds community in East Tampa.

The Platform will largely be online via our website www.WeAreEastTampa.com. We will also arrange for some small, safe group gatherings and outdoor events, including in-person local neighborhood walking tours. (all face-to-face events will observe COVID-19 safety measures with masks, sanitizer and safe distance).

The Process will start in December 2020 and be finished in August 2021. We will have many opportunities for interaction, sharing ideas, discussion and refinement as we work together to build East Tampa's plan for the future.
