

TBK8 STEM Art Contest

Who: Any TBK8 Student

What: TBK8 STEM Art Contest

When: Today until Oct. 30, 2020

Details:

TBK8 has been a STEM school since the school was established in 2014. We want to highlight the STEM program and concepts that make TBK8 unique. It is important that visitors to TBK8 can see and begin to learn that we are a STEM school from the moment they enter our main offices. Our goal with this contest is to create student inspired artwork to hang in the main office of each campus that represents STEM at TBK8.

Traditionally, STEM stands for Science, Technology, Engineering and Math. At TBK8, we believe STEM means Students and Teachers Energizing Minds. What does STEM mean to you? Think about the STEM experiences you have had at TBK8. What images come to mind? What symbols, activities, and colors do you think of? You may choose to focus on one part of STEM or STEM as a whole.

We will be creating large canvas paintings of the winning images, one for each campus main office. Create, draw, and color an image or logo that represents STEM at TBK8 in the provided space on the next page. The winning images will be enlarged, painted and hung in the main office, one on Upper and another on Lower campus. The two winning designers will be awarded with a certificate, lunch from an off campus restaurant, and the design hung in the main office.

Remember:

Return completed form by Oct. 30th to Mrs. Tuminella (LC Main Office)

Name: _____ Homeroom: _____

Grade: _____ Title of Artwork: _____
