Teachers' children will be given priority status for all programs in the teacher's school that do require a special application process.

2.13.1 The School Board and the Association agree that although there is no official dress code for teachers, teachers are to be professional in their dress and personal grooming.

3.1.4 Ballots for the above and all other applicable secret ballot votes at sites must include a "No" or "No change" option.

3.2 Lesson Plans

3.2.1 The parties agree that instruction requires thoughtful preparation. The development of lesson plans by and for the teacher is a professional responsibility. However, a teacher's planning and preparation may be different based on personal style, professional needs, student needs and experience in the classroom among other things. A lesson plan is not the lesson itself. A lesson unfolds in the classroom as the teacher works with students. It is also recognized that students learn in different manners and the teacher has the greatest understanding of the unique needs of the learners in their

classroom. As such, administrators shall not require that lesson plans be in a particular format. Administrator also shall not require the posting or storage of lesson plans in a particular place or manner. Teachers shall not be routinely required to submit a copy of their lesson plans or outlines to the site administrator.

- 3.2.2 In the event a teacher is absent, it shall be the teacher's responsibility to have lesson plans at the school prior to the start of the pupil day to cover the period of absence not to exceed the balance of the week in which the absence occurred.
- 3.2.3 If the principal or their designee, through documented classroom observation, determines that a teacher is having difficulty with classroom instruction or is not meeting instructional objectives, the principal, as part of a professional improvement program, shall hold a conference with the teacher having difficulty. The principal, as part of this professional improvement program, may require lesson plans to be turned in at the start of each week during this period by written memo stating deficiencies and suggestions for improvement.
- 3.2.4 Exceptional Student Education personnel assigned to case management responsibility and the development of Individual Educational Plans (IEPs) shall be released from other non-classroom assignments for that purpose. Whenever possible, IEPs should be scheduled during the normal teacher workday. When this is not possible, affected teachers shall be awarded compensatory time for meeting beyond the work day or during their contractual planning time.
- 3.2.5 Unit members whose duties would be impacted by an Individual Educational Plan (IEPs) shall be provided with opportunity to serve on the team responsible for developing, reviewing, and/or revising such program. It is the responsibility of administration to ensure all instructional staff including testing coordinators, are aware of IEP's and relevant accommodations.
- 3.2.6 While teachers must successfully teach the standards and curriculum of the District, enrichment activities may be included at the discretion of the teacher. Teachers are encouraged to investigate and utilize successful methods of presenting curriculum in the classroom.
- 3.3 Parent Conference Day/Night
 - 3.3.1 Parent conferences shall be scheduled after school and at night. This time shall not exceed five hours each semester and a maximum of four (4) scheduled conference days/nights per school year, and shall be in lieu of work time on the scheduled parent conference day. The school parent conference day will be a paid day if parent conferences are

held as scheduled in this item.

3.3.2 If a teacher cannot comply with the afternoon or evening schedule for parent conferences, the teacher shall inform the administrator, and notify the parents of his/her students. The teacher and the administrator will attempt to identify an alternative time for the scheduling of these conferences which is mutually agreeable to both parties. In the event a mutually agreeable time is not available, the teacher shall report to work on the day that is designated as parent conference day on the Work Schedule.

3.3.3 Schools shall not schedule conference nights or open house on the second Thursday of any month except in a case of emergency.

3.4 Duties and Class Coverage

3.4.1 The principal or principal's designee may assign duties necessary for the safety of students, within the workday. These duties shall be distributed equitably and posted. Elementary ESE teachers in self-contained classrooms shall not be assigned duties of the type referenced in this section for students other than those in their own classroom. Speech/Language pathologists, psychologists, social workers and other ESE staff who handle a high volume of paperwork and reporting (IEPs, billing for Medicaid/insurance, etc.) shall not be assigned duties of the type referenced in this section. The supervision of students, allowed to remain on campus prior to the start of the teacher workday and after the end of the student day, shall be the responsibility of the administration. Duties which cannot be accomplished in 15 minutes or less, such as "breakfast in the classroom", require a 2/3 approval vote of the faculty by secret ballot election.

Secondary teachers may be assigned up to 15 minutes of duty for one semester.

3.4.2 Direction of vehicular traffic shall be voluntary.

3.4.3 Teachers shall not be assigned office duties except as voluntary duty or in case of emergency.

3.4.4 Every effort will be made to secure a substitute teacher for one who is absent. When a substitute teacher is not available for an absent teacher, resource teachers may be assigned to cover for the absent teacher, other non-classroom instructional personnel may be assigned to cover for the absent teacher or a content appropriate teacher may be assigned to absorb students into his/her classroom to cover for the absent teacher. A rotation schedule of all teachers on the faculty will be developed and distributed to implement this plan. Except in an emergency, no resource or non-classroom personnel shall be assigned to substitute more than once a

week. Resource and non-classroom personnel assigned to substitute shall earn 2 hours' compensatory time for each day assigned, up to 8 hours per month.

3.4.5 Elementary and Secondary teachers who absorb students from an absent teacher's class will be granted compensatory time. Co-teachers will be granted compensatory time when their partner is absent. Elementary teachers who absorb students from an absent teacher's class will receive compensatory time for time - up to three hours. Secondary teachers who absorb students for one period are granted one hour of compensatory time. Secondary teachers who absorb students for more than one period will receive compensatory time for time - up to three hours. Compensatory time shall be taken as described in 3.5.1 with the exception that time may be used on faculty meeting day if no pre-notified faculty meeting is scheduled.

3.4.6 In an event that it is necessary to assign a teacher substitute duties during their planning period, the teacher may choose to be compensated either by compensatory time or a rate of pay to be negotiated. The rate of pay shall be no less than the highest hourly rate for a substitute teacher. These involuntary assignments shall be made on a rotating basis to include all instructional personnel and should be posted and distributed to all impacted employees. Schools may elect to rotate within departments except in those departments with fewer than 10 members. Small departments shall be joined together for purposes of involuntary substitute assignments. When no substitute is available for specials teachers (i.e., music, P.E. art), elementary teachers losing planning time within the day shall be compensated for the amount of planning time lost.

3.5 Compensatory Time

3.5.1 Administrators shall grant compensatory time for duties assigned beyond the normal work day, or when planning time is missed for student necessity, such as administering tests or supervising students, and the compensatory time need not be used immediately. Teachers shall notify the site office in advance of utilization of said compensatory time. However, such compensatory time shall not encroach upon instructional time. When the request for utilization interferes or conflicts with a planned activity, the administrator shall have the right of approval. The principal at each site shall be responsible for maintaining an accounting of accumulated compensatory time. A teacher shall be provided with an accounting of their accumulated compensatory time upon request.

3.5.2 Contractually approved compensatory time shall be granted for duties for student safety beyond the workday as described in section 3.5.1, and class coverage as described in section 3.4, and for voluntary participation in a school's open house

as described in section 3.6. When teachers are required to use their planning time to score the work of students they do not instruct, such as to gain “data points” or as preparation for standardized testing, proctor testing and compensatory time shall be granted.

3.5.3 Accumulated compensatory time shall carry over from year to year at the school where earned. Contractually approved compensatory time shall transfer with the individual to any position covered under the teacher contract at any work site. Prior to departing at the end of the school year, the principal will provide each teacher with an accounting of their accumulated compensatory time.

3.6 Voluntary Activities

3.6.1 Activities beyond the workday such as club sponsorships, private parent organization meetings, dances, and athletic events shall be voluntary on the part of the teacher.

3.6.2 Faculty attendance at each school's annual open house is voluntary; however, the parties recognize the importance of this activity to the school community. Therefore, teachers who attend open house will be granted two hours of compensatory time.

3.6.3 Participation on school-based committees shall be voluntary. Committee meetings should occur on regularly assigned meeting dates when possible.

3.7 Faculty Meetings and Professional Development

This duty assignment shall be a regularly established position of the Board and shall have continuous existence. 10 SENIORITY

10.1 General Procedures

10.1.1 Seniority shall accrue county-wide for each year of continuous service in Hillsborough County. Continuous service being defined as the original most recent date of employment to the present with no break in service.

- 10.1.2 Seniority shall accrue to all full-time teachers. A teacher contracted for more than 198 days of service shall not accrue extra time for seniority.
- 10.1.3 In the event of a tie in the beginning employment dates, seniority shall accrue from the date recorded on the electronic hiring action.
- 10.1.4 The teacher with the most seniority shall have first option to stay in a position or transfer, with such option extended to all teachers on a diminishing basis until one elects to transfer. If no election is made then the teacher, if any, with no evaluation score shall be required to transfer. If every teacher has an evaluation score, then the teacher with the lowest evaluation score shall be required to transfer.
- 10.1.5 Teachers who have been notified in writing that dismissal proceedings are contemplated or teachers on fourth year probation, may not volunteer but shall be transferred if their seniority requires it.
- 10.1.6 When a specific issue must be resolved involving teachers with equal seniority, it will be resolved by an objective lottery in the presence of the affected parties.
- 10.1.7 Authorized leaves do not constitute a break in service.

11 TRANSFERS

11.1 General Principles

- 11.1.1 A transfer is a change in teaching position from one school to another. A permanent teacher may transfer to a permanent or temporary position without changing their contract status.
- 11.1.2 A transfer request may be initiated by a teacher.
- 11.1.3 Teachers who have been notified in writing that dismissal proceedings are contemplated, may not volunteer but shall be transferred if their seniority requires it. A transfer will not be granted if the teacher does not qualify for the existing vacancy. Unless a pool exists, principals, when filling vacancies, shall reassign teachers currently out-of-field, unless hired out-of-field, before considering transfers or new applicants.
- 11.1.4 Except when a freeze is in effect, teachers are eligible to transfer at any time during the school year to accept a higher paying position, to accept a position in a newly created program, or to accept a position in an existing program when such program is expanded during the school year. Teachers may also transfer in-field from an out-of-field assignment, unless hired out-of-field on an "agreement to earn." A qualified replacement should be secured before the transfer is

made; however, no transfer will be delayed more than two weeks.

11.2 Teacher Transfers

- 11.2.1 The transfer period shall commence following spring unit allocation. After unit allocation, hiring of new applicants cannot take place until the placement of teachers from the pool.
- 11.2.2 An initial transfer period of at least two weeks in the spring prior to the end of the regular school year and prior to conducting pools will be established after units have been allocated in the spring and administrators have listed their staffing needs with the Division of Human Resources.
- 11.2.3 A. Teachers who are placed in the pool due to unit loss will be eligible for transfer as all other teachers.
- B. If a teacher is placed into a pool due to unit loss or a loss of funding and the teacher's position is reconstituted/reinstated no later than one week prior to the scheduled Fall pool, the teacher shall have the right to return to the position.
- 11.2.4 Teachers are eligible to transfer to any vacancy for which they are certified; however, certification areas in which vacancies are needed for the pool will be identified and transfers in these areas may only be made by teachers with the same assignment. After spring transfer period, transfers will not be allowed to fill a vacancy in an area where a pool still exists.
- 11.2.5 Teachers remaining in the unit loss pool after the initial transfer period will be placed according to Sections 11.4 and 10 (Unit Loss Transfers and Seniority). This meeting will occur during post-planning.
- 11.2.6 Hiring of new applicants and re-opening of the transfer period will begin in a specific certification area when there are no teachers remaining in the pool in that area and the freeze is lifted.
- 11.2.7 The transfer period will continue until two weeks prior to the first day of preplanning for teachers. During this second transfer period, teachers will be able to transfer to any area for which they are certified if there is not a pool in that area.
- 11.2.8 Section 10.1.4 describes the governing factors when determining teachers to transfer during the spring for fall placement.
- 11.2.9 A teacher shall be granted only one voluntary transfer during the transfer period unless specifically agreed to by Human Resources. Placement from a pool is not considered a transfer.

- 11.2.10 Administrators shall notify the office of Personnel Services of all vacancies as soon as they are known. A vacancy does not exist until a resignation or leave is signed and submitted.
- 11.2.11 The Division of Human Resources shall provide a list of vacancies at the beginning of the transfer period and vacancy information shall be provided daily on the District's web site.
- 11.2.12 The Division of Human Resources shall establish the beginning date for the hiring of new teachers after all pools have met. The Division of Human Resources will provide vacancy information on the School District of Hillsborough County's web site.
- 11.2.13 Applicants who have interviewed for a position shall be notified in a timely manner after the decision is made.
- 11.2.14 Complaints related to the teacher transfer process should be directed to the Chief Officer for Human Resources. The teacher will be notified of the result.
- 11.2.15 Teachers shall be assisted at their new sites in making a smooth transition into their new positions.
- 11.3 Administrative Transfer
- 11.3.1 The Superintendent or their designee shall investigate any written request for an administrative transfer. This investigation shall determine the need for further action.
- 11.3.2 If appropriate, a hearing will be held involving the teacher, principal, Association, and the Chief Officer for Human Resources.
- 11.3.3 Following the hearing, the Chief Officer for Human Resources will make recommendations to the Superintendent.
- 11.3.4 The Superintendent shall then act upon the recommendation. Should a transfer be indicated, the teacher shall be placed in a vacancy that is in the best interest of the individual and the system.
- 11.4 Unit Loss Transfer
- 11.4.1 Unit loss will be used for transferring teachers when a school must lose teachers due to a loss of students or a change in the unit allocation formula.
- 11.4.2 When transfers are necessary due to a unit loss, teachers to be transferred will be determined by the process outlined in Section 10.1.4 and Section 11.4.4. Administrators will determine the subject area (specific subject and certification/license in Industrial Education and Health Sciences) where a unit must be lost according to student

enrollment. The composite unit allocation form indicating course counts will be available to the Association.

- 11.4.3 In determining unit loss, the length of the teacher's contract will not be a factor in identifying the person to be transferred. However, seniority shall be the governing factor when an in-school change of assignment results in loss of pay.
- 11.4.4 The teacher with the most seniority shall have first option to stay in a position or transfer, with such option extended to all teachers on a diminishing basis until one elects to transfer. If no election is made then the teacher, if any, with no evaluation score shall be required to transfer. If every teacher has an evaluation score, then the teacher with the lowest evaluation score, shall be required to transfer.
- 11.4.5 Teachers who have been notified in writing that dismissal proceedings are contemplated may not volunteer but shall be transferred if their seniority requires it.
- 11.4.6 When unit loss occurs, the following procedures will be used:
- A. Seniority as defined in section 10.1.4 will be used to determine which teachers will transfer during the spring for fall placement.
 - B. Reassignments may not be made prior to identifying teachers for the pool.
 - C. Administrators will identify and notify all teachers in a subject area that will experience a unit loss. Teachers in descending order of seniority may volunteer to have their names submitted for pool placement. If there are no volunteers in the identified area, the teacher with no evaluation score will be placed in the pool. If every teacher has an evaluation score, then the teacher with the lowest evaluation score will be placed in the pool.
 - D. The teachers in the pool will be listed by subject areas according to their seniority in the Hillsborough County School System.
 - E. For the purposes of unit loss, elementary teachers shall be divided into (1) pre-kindergarten, (2) K-5, including ESOL, (3) Autism Spectrum Disorders, (4) Strings, (5) Music, (6) Reading Coach or other screened positions, (7) Special certification areas. Special certification areas shall be considered separate subject areas.
 - F. Vacancies by certification area (Math, English, Elementary, etc.) will be available in the Division of Human Resources to each teacher who is required to transfer one working day prior to the day such teacher will choose an assignment from the available vacancies. The

teacher with the most seniority will be given their choice of vacancies in the certification area from which he or she was displaced. Using seniority, teachers will be given a choice until all are placed or until all vacancies are filled.

- G. The teacher in the pool with the most seniority will be given the refusal of each vacancy occurring until he is placed. The teacher in the pool with the least seniority will be assigned to any vacancy occurring if all teachers with more seniority have refused the position. Teachers not assigned will remain in the pool and be placed in any second pool for which they are certified. Teachers placed in a second pool may volunteer for a vacancy after all teachers remaining in the first pool have refused it. If there are no volunteers, teachers in the first pool must be assigned. The Division of Human Resources will work with teachers remaining in the pool to find the best assignment possible for the welfare of the teacher and the school system until appropriate vacancies occur. This assignment shall be based on the following:

1. Current assignment and level
2. Current assignment (1-12)
3. Certification and previous assignment
4. Other certification

The teacher shall have the option of staying in this area and taking courses necessary for certification or accepting the first vacancy in the area from which he/she was displaced. (A teacher shall not give up his/her right to move in field if he/she rejects a temporary appointment after the beginning of the school year.)

If a teacher voluntarily transfers to another position for which he/she is eligible, the teacher automatically gives up his/her right to remain in the pool. Teachers will retain pool rights for a period not to exceed two years.

- H. Teachers selecting positions from the pool shall be assured the subject area and grade levels selected.
- I. Vacancies for Magnet school positions will be listed during the transfer period.
- J. Out-of-field teachers in a carry-over pool may be required to return to their area of previous assignment if a vacancy occurs prior to the freeze on teacher transfers before the start of the new year for which they were pool placed. In the event this occurs, consideration shall be given to travel distances and employees shall not be compelled to travel distances in excess of 10 miles one way.

- 11.4.7 Teachers in a temporary assignment will not be considered for transfer. The seniority of a teacher who is on leave and has a vested interest in the position will be used to determine

the unit to transfer. A teacher contracted for a Group I or II supplement will not normally be transferred due to unit loss, except in the event that the required number of teachers needed to transfer exceeds the number of non Group I or II supplemented teachers. Then, based on Section 10.4.1, all Group II supplemented teachers shall first be subjected to unit loss with Group I supplemented teachers following if necessary. In the event a teacher with seniority is forced to transfer because of a supplemented teacher, reassignment to a vacant classroom position in the subject area disciplines in another area of certification within the same school shall be granted for either the affected senior teacher or the supplemented teacher unless a carry-over pool exists in that subject area. The principal will determine the teacher to be reassigned if both teachers are qualified for reassignment.

11.4.8 A permanent teacher who was designated as a unit loss on the spring pool list and who has transferred to another school either by voluntary transfer or pool placement shall be permitted to transfer back to his/her former school under the following conditions:

- A. A vacancy exists in the subject area where the unit was lost.
- B. A carryover pool does not exist.
- C. The teacher is eligible to transfer until the freeze is placed for fall unit adjustment.

11.4.9 Secondary or elementary teachers not certified in exceptional child shall be placed at special education centers if there are no other positions available at regular school centers. A freeze will be maintained and the teacher assigned to a special education center will be transferred when a vacancy occurs. The teacher shall be allowed to remain at the special education center when a vacancy occurs if the principal of the special education center and the teacher agree.

11.4.10 Secondary music or physical education teachers shall be placed at the elementary level only if there are no other positions available at the secondary level. A freeze will be maintained and teachers assigned to elementary music or physical education from a secondary pool will be transferred as unmarked vacancies occur at the secondary level. The teacher can remain at the elementary position if the teacher and the principal agree. This procedure shall also apply to elementary music or physical education teachers assigned to secondary.

11.5 New School or Consolidation Transfers

11.5.1 The seniority and unit loss policy will be used for transfer of teachers when a new school is formed or when boundary changes are made, or when schools are consolidated.

- 11.5.2 Units shall be allocated or reallocated to the affected school(s). Group I supplemented positions for new schools / consolidated assignments will be reserved prior to pool placement.
- 11.5.3 All vacancies at the receiving school(s), including additional units and vacancies resulting from resignation, leaves or temporary appointments, are identified and frozen.
- 11.5.4 Only the surplus teachers at the sending school(s) in each department can be reassigned to the receiving school(s) and teachers leaving will be identified according to the unit loss and the seniority policy.
- 11.5.5 Prior to the spring transfer period, teachers will be given a list of vacancies at the receiving school(s), by departments. Each teacher, on a seniority basis, will have a choice of accepting a vacancy according to their current teaching assignment (See 11.4.6 D) at the receiving school(s) in the certification area from which he/she was displaced or being placed in the county pool.
- 11.5.6 Any teacher who cannot be assigned to the receiving school(s) will be placed in the county pool.
- 11.5.7 Teachers who have been assigned to the receiving school(s) or county pool are eligible to transfer during the transfer period.
- 11.6 Family Transfer
- 11.6.1 No teacher shall be appointed or reappointed to a school in which his/her father, mother, brother, sister, husband, wife, son, daughter or in-law is employed as an administrator. A teacher and an administrator marrying during the school year shall be allowed to finish that year at the same school.
- 11.7 Energy Transfers
- 11.7.1 Voluntary energy transfers may occur any time during the year except during a freeze and during the period prior to spring pool placement. To be eligible for an energy transfer, an employee must have completed one year or the equivalent of continuous permanent employment at the school from which he/she is transferring.
- 11.7.2 In order to qualify for an energy transfer a teacher must travel a minimum of 20 miles or more per day (round trip) or 100 miles per week round trip. The transfer must result in a reduction in the number of miles traveled by the teacher.
- 11.7.3 Acceptance of said transfer shall be voluntary on the part of the teacher and the administrator at the receiving work site. In an energy transfer where two teachers exchange positions,

both teachers and administrators in the affected work sites must voluntarily agree to the exchange.

11.7.4 This same procedure shall apply to itinerant personnel.

12 LEAVES

12.1 Absence from Duty (Illness or Personal Leave)

12.1.1 A teacher who will be absent from duty shall notify the District's designated absence reporting and substitute employee assignment system, as early as possible, preferably the night before the absence and not later than one hour prior to the teacher's reporting time on the morning of the absence.

12.1.2 If a teacher notifies the District's designated absence reporting and substitute employee assignment system later than one hour prior to the teacher's reporting time on the morning of the absence, they will also notify the administration or designee.

12.1.3 All absences from duty must be excused. Teachers who are willfully absent from duty without leave or misrepresent the cause of absence, shall forfeit compensation for the time of such absence, and their contract shall be subject to cancellation by the Board.

12.2 Sick Leave Bank

12.2.1 Establishment

A. The Sick Leave Bank shall be established and deemed to be in operation when one thousand (1,000) sick leave days have been deposited in the Bank.

B. The sick leave bank shall be administered through the office of the Chief Officer for Human Resources.

12.2.2 Membership

Those persons wishing to become members of the Sick Leave Bank shall do so by voluntarily applying for membership and contributing one (1) accrued sick leave day to the bank during the time determined and published by the Sick Leave Bank Committee.

B. Membership in the Sick Leave Bank shall be continuous from initial enrollment until an individual member has drawn all Sick Leave Bank Committee approved days for original illness (not to exceed 100 days) or has resigned from the school system.

- C. Membership may not be reinstated by a former member returning used days to the bank.
- D. Membership shall be qualified by the following conditions:
 - 1. Each July the Sick Leave Bank Committee shall determine if the bank balance will be drawn to below 500 days during the coming year. If after evaluating the rate of usage and the projected new enrollments, the committee concludes that the 500-day balance will occur during the next school year, each member will be notified that they will be required to contribute one additional sick leave day on the last pay date in September in order to continue members. Members not having one additional sick leave day accrued to their benefit shall not be eligible to continue membership. Such members shall again be eligible when they meet the criteria in 12.2.2 A.
 - 2. In the event a member draws from the bank, that individual's membership shall be suspended for all subsequent illness and benefits not arising directly out of the original illness or injury. Such individuals may reinstate their membership by meeting the qualifications in 12.2.2 A.
 - 3. Members of the bank may only contribute days as authorized above and any sick leave days donated to the bank shall be deemed used sick leave by the participating employee and shall not be returned to the employee except as a benefit of membership in the bank.

12.2.3 Benefits

- A. Eligibility for payment from the sick leave bank shall be determined by the Sick Leave Bank Committee based upon the following:
 - 1. Sick Leave Bank members are not eligible for benefits for a pre-existing condition until after January 1, one year following the effective date of enrollment.
 - 2. The member must have applied for an extended leave of absence from employment because of their own personal catastrophic illness or accident (excluding Workers' Compensation cases).

 - 4. The member must have exhausted all accumulated sick leave and have missed ten (10) consecutive

workdays without pay.

5. The member must make application to the Sick Leave Bank Committee by submitting certificates from two doctors attesting to the member's extended illness or accident. The Sick Leave Bank Committee will provide the necessary forms and determine the required information.
 6. Upon approval by the Sick Leave Bank Committee of each application, members will be allowed to draw up to a maximum of one hundred (100) paid sick leave days from the bank. Payment of benefits for these approved 100 days does not have to be continuous for the same illness. However, each request must be accompanied by a new application and the criteria in 1, 2, and 3 above must be met.
 7. All cases shall be reviewed when the 50th day of benefits is reached. The committee may request additional medical certification.
- B. Utilization of paid sick leave will be determined based upon the following:
1. The Sick Leave Bank days, for payment purposes, are only effective on the days which are normally paid days for each particular job classification.
 2. Members of the Sick Leave Bank who are drawing benefits are not eligible for sick leave or vacation accrual. Paid holidays occurring during the approved benefit period will be paid as a benefit of the Sick Leave Bank.
 3. During the duration of the coverage by the Sick Leave Bank days, the recipient is responsible for submitting updated medical statements from both physicians at the end of each month or as otherwise advised by the committee's chairperson. This should be forwarded to the attention of the Chairperson of the Sick Leave Bank Committee.
 4. When the physician(s) releases the member for return to duty, the member is required immediately to advise the chairperson of the Sick Leave Bank Committee of this change in status. A member who fails to advise the Chairperson of the release from a physician to return to work shall forfeit their rights to all sick leave bank benefits paid after the release and shall be personally liable for restitution to the bank of all funds received.

- A. The Sick Leave Bank shall be administered by the Sick Leave Bank Committee under the direction of the Chief Officer for Human Resources.
- B. The Sick Leave Bank Committee shall be the final authority on all disputes concerning membership applications, benefit applications and on other matters that may come before the committee.
- C. The Sick Leave Bank Committee shall be a committee consisting of:
 - 1. Three representatives appointed by CTA
 - 2. Four representatives appointed by the Superintendent.
- D. The chairperson shall have no voting power except in a tie breaking situation.
- E. Enrollment forms and applications for benefits may be obtained from the Division of Human Resources.
- F. Specific rules for the implementation of this bank may be developed by the Sick Leave Bank Committee.
- G. Sick Leave Bank members shall be given an annual report of usage. The report shall include the number of applications submitted, approved, rejected, the number of days utilized, and the number of days remaining in the Bank.
- H. The membership eligibility and benefits (100 days) of the Sick Leave Bank may be changed when two-thirds of the Sick Leave Bank Committee recommends to the Sick Leave Bank membership such a change.

This change shall be approved by a majority vote of the voting members of the Sick Leave Bank.

12.2.5 The Sick Leave Bank Committee shall function as follows:

- A. The Chairperson shall be responsible for conducting the meetings, corresponding with all applicants and attending to all other business of the committee.
- B. The Chairperson shall select the Vice-Chairperson. The Vice-Chairperson shall be responsible for conducting the annual enrollment and to act in the chairperson capacity in the absence of the chairperson.
- C. Quorum shall consist of three members plus the chairperson or vice-chairperson.

12.3 Illness Leave (Sick Leave)

- 12.3.1 A teacher who is unable to perform their school duties because of their illness or because of the illness or death of their father, mother, brother, sister, husband, wife, child, father-in-law, son-in-law, daughter-in-law, mother-in-law, stepfather, stepmother, brother-in-law, stepbrother, half brother, sister-in-law, stepsister, half sister, stepchild, uncle, aunt, niece, nephew, grandparents, grandchild, or members of their own household (a person residing in the house wherein the member resides, or in another house upon the same premises) is entitled to four days of sick leave as of the first day of employment of each contract year and shall thereafter earn one day of sick leave for each month of employment, not to exceed more than one day times the number of months employed for that year, which shall be credited to the member at the end of that month, and which shall not be used prior to the time it is earned and credited to the member. Such sick leave shall be cumulative from year to year; provided there shall be no limit on the number of days of sick leave a member of the instructional staff may accrue; and provided, further, that at least one-half of this cumulative leave must be established within the district granting such leave.
- 12.3.2 All claims for sick leave must be submitted to the principal who shall make the report to the payroll section with a payroll voucher, and by such person as is designated by the Superintendent for this purpose. All such claims shall be substantiated by filling of the appropriate form immediately upon return of the teacher to duty or during the course of their illness, as may be needed. The Superintendent is authorized to require a certificate of illness from a licensed physician or from the County Health Officer if such is deemed necessary. Full compensation shall be made for the time missed for justifiable absence in accordance with the Florida School Laws.
- 12.3.3 Teachers who remain on duty one-half school day are to be reported to the Payroll Office on the attendance report as being on duty one-half day. Time less than one-half day not on duty should be recorded by the school office. Teachers who remain on duty longer than one-half day of a school day but less than a full day (eight hours) are to be reported as being on duty a full day. Time less than a full day not on duty should be recorded by the school office. When a teacher's non-duty (leave) time recorded in the school office accumulates to one-half school day, the time is to be reported as personal or sick leave, indicating dates actual leaves occurred, to the Payroll Office. The payroll for that period would be adjusted to reflect the one-half day accumulated personal or sick leave.
- 12.3.4 A teacher may requisition their former employing Florida school district to transfer accrued sick leave to the

Hillsborough County School District. The Hillsborough County School District shall add to the teacher's sick leave account the transferred sick leave days at a rate as earned according to the law, provided that at least one-half of this accumulative leave must be established within the district granting such leave.

12.3.5 When sick leave is to be used continuously just prior to and continuously with a resignation or long-term leave without pay, the teacher shall notify the principal of their intention to do so. The teacher will be replaced by a temporary teacher at once during the period of time in which the teacher collects sick leave. Such an extended use of sick leave shall require verification from a medical doctor of the illness or condition requiring the absence.

12.3.6 Teachers who are employed for a normal extended year program shall earn one additional day of sick leave.

12.4 Employment While On Leave

12.4.1 Teachers may be employed while on personal leave from the school system for a maximum of one school year, except for employment as a teacher in a different Florida school district as defined below. Upon expiration of the leave, the teacher will return to the county placement pool for reassignment. For all personal leaves unrelated to employment elsewhere, the teacher shall be returned to the school and subject area where he or she previously served. Leave forms shall indicate conditions for returning to the same position or the county pool.

Teachers obtaining employment as a teacher in a different Florida school district while on non-paid personal leave shall be required to resign employment from Hillsborough County Public Schools.

However, the preceding sentence shall not apply to individuals who are employed as a teacher in another Florida school district as a result of:

- A. a spouse's work-related transfer,

This notification does not imply a need for approval. Immediately following the absence, a sick leave form shall be submitted stating that the absence was for "personal reasons." (See Section 12.1)

12.7 Professional Duty Within the County

12.7.1 Professional duty within the county is not considered a leave of absence. A request for the approval of the trip shall be submitted to the appropriate Assistant Superintendent at least three weeks prior to the date of the anticipated absence. On parent conference days, it shall be the teacher's responsibility to notify the parents of their students of their anticipated absence for professional development. Teachers will make other arrangements with parents for conferences.

12.11.1 Any employee shall be entitled to illness or accident in-line-of-duty leave when their absent from their duties because of a personal injury received in the discharge of duty or because of certain infectious or contagious childhood diseases contracted in school work.

12.11.2 The principal/designee or administrator in charge, upon notification by an employee of an on-the-job injury, shall complete in detail a "Notice of Injury" report and forward it in the next school mail to the Risk Management and Safety Office.

The bottom portion of this form should be completed by medical personnel and returned to the teacher's work site for submittal to the Risk Management and Safety Office. Except for emergencies, an employee needing care from a doctor must use only doctors listed on the Risk Management and Safety Office's "List of Approved Doctors." An employee may not change doctors without the Risk Management and Safety Office's approval.

12.11.4 The employee shall receive normal pay for the day of the injury. Upon recommendation of the Risk Management and Safety Office, the School Board will also pay normal salary to an employee who is injured on the job or has certain job related illnesses for the first ten working days following such illness or injury. The employee must use the regular leave form to request paid days and submit to the teacher's work site for submittal to the Risk Management and Safety Office for approval. The Risk Management and Safety Office will approve payment of the first paid day after an injury without proof of medical treatment.

Approval of more than this first day will not be granted unless medical proof is attached indicating the employee is unable to

work due to the injury.

- 12.11.5 After the ten-day period, the injured employee has a choice of receiving Workers' Compensation benefits only, or supplementing Workers' Compensation benefits by utilizing a portion of a sick day to provide full salary equivalent. The combined benefits of both Workers' Compensation and paid days sometimes result in overpayments to an employee which must be returned.

An employee on Workers' Compensation is assured a return to the same position, if the return occurs during the same or the next fiscal year. If the Workers' Compensation extends into the third fiscal year, the employee will be assigned by the method of pool placement.

This does not include the normal adult illnesses such as the common cold, influenza, etc. (Children found to contain these illnesses or infestations shall be immediately, except in emergency, excluded from the classroom and shall not be allowed to return to school until such time as the condition no longer exists.) This extended benefit is not covered under the Workers' Compensation Law, therefore employees must seek medical care on their own (without a medical referral form) and present their bills to the principal/supervisor. To receive benefits, the principal/supervisor must send a memo to the Risk Management and Safety Office stating that the employee was personally exposed to a specific illness. Medical bills and leave of absence forms should be attached. The Risk Management and Safety Office may specify maximum benefits for certain illnesses.

The returning reservist must provide the appropriate discharge document (DD 214) indicating an honorable discharge. 15 LAYOFF AND REEMPLOYMENT

15.1 Layoff and Reemployment

15.1.1 When programs are discontinued or cut back, the seniority (section 10.1.4) of teachers in such programs shall be the governing factor in determining which teachers are laid off. When district-wide vacancies are sufficient to absorb the unit reductions, the unit loss procedures (Section 11.4.6) shall prevail. The following procedure will be used:

- A. The Superintendent and Assistant Superintendents shall determine the area, subject or programs that will lose staff positions for the coming year. Staff shall be laid off in order of least continuous employment in the county within the area of certification from which he/she will be

displaced (specific subject, i.e., Industrial Education).

- B. The Division of Human Resources will determine how many staff positions in the area, subject or program to lose units are planning to retire, resign or go on leave for the coming year. That number shall reduce the amount of staff members to be laid off the coming year.
- C. A teacher to be laid off, who is certified in another area or subject in the bargaining unit, shall have the right to a vacant position in such area or subject.
- D. A teacher who has been laid off shall have the option, based on seniority, to select a vacancy in an area for which he/she is not certified provided such laid off teacher signs an agreement to earn six semester hours per year in order to be certified in the new subject area to begin in the second year of the assignment. This applies to bachelor's degree or higher only.
- E. Laid-off teachers shall have first option for accepting reemployment on a seniority basis, as vacancies for which they are certified open within the bargaining unit until a period of two years has lapsed. No new teachers shall be employed during the two-year period until all teachers in subject areas laid off from such assignments have been offered a position.

15.1.2 Upon reemployment, all rights related to salary, fringe benefits, and seniority shall be fully restored.

15.1.3 Laid-off teachers may pay the total premium for group life and hospitalization insurance for a period not to exceed two years.

16 CERTIFICATION AND RENEWAL PROCEDURE

16.1 Registration of Certificate

16.1.1 Each teacher must hold a valid Florida certificate issued by the State Department of Education or a valid District certificate issued by the School District of Hillsborough County. It is the individual teacher's responsibility to keep their certificate active; however, the Office of Professional Standards will aid the teacher in filling out forms, processing renewals, and when required, mailing them to the State Department of Education.

16.1.2 Each teacher must register his/her state-issued certificate (temporary, professional, renewal, upgrade, or addition), with the Office of Professional Standards within thirty (30) days after receiving it from the State Bureau of Teacher Certification. However, if a teacher has applied for the certificate through the Office of Professional Standards, the Bureau of Teacher Certification will mail a copy directly to the District.

Teachers who fail to complete the annual requirements will not be eligible for transfer or placement to another out-of-field assignment until the requirements are met.

B. Teachers who are teaching out-of-field shall be evaluated for knowledge of subject matter with consideration given to the lack of complete certification.

C. When the teacher is out-of-field in a subject area, and is also fulfilling a 300 hour ESOL requirement, the ESOL course work may be substituted for one course (3 hours or 60 in-service points) within the six-hour requirement, unless there is no current ESOL requirement.

16.4 Certificate Extension

16.4.1 Certificates which are eligible for renewal or extension shall be renewed or extended under the rules of the Department of Education and/or the School District of Hillsborough County prescribing such additional training, experience and competencies as may be deemed necessary for said renewal or extension.

16.4.2 A teacher who is teaching on a special permit, that is, a college graduate who is not certified in the field of this assignment, must meet requirements by earning six semester or eight quarter hours (or the equivalent) in the field of their assignment annually in order to be eligible for reappointment. This course work may be in addition to course work needed for certificate extension.

17 PERSONNEL REQUIREMENTS

17.1 Verification of Experience

17.1.1 Salary credit for experience will be given initially for

experience according to 17.3 in this contract. Adjustments will be made as needed when verification of experience is received in the Division of Human Resources. Teachers resigning prior to verification of previous teaching experience and/or recording of a valid certificate in the Division of Human Resources shall receive a final check at the rate of pay established at the time of resignation. For teachers employed after July 1, 1981, up to seven years of experience credit may be granted according to the provisions of this section.

17.4.2 The combined total of work and teaching experience cannot exceed seven years. Credit for teaching experience of seven years or greater shall eliminate credit for work experience. Effective March 2002, teachers shall be granted experience credit for all years of experience not previously granted. Vocational teachers who require academic preparation will not be granted work experience credit after July 16, 1974.

17.4.3 Work experience must constitute full-time employment and credit will not be given for part-time employment. Effective July 1, 1989, salary credit for pre-kindergarten and private speech therapy experience, will be granted upon verification by the Division of Human Resources, not to exceed a combined total of seven years' credit.

17.5 Definition of A Year's Teaching Service

The flat amount of the differential pay will be determined annually based on available funds. The

differential for the 2014-15 school year shall be as follows:

As a result of financial constraints, the Renaissance program will be capped at 50 schools. The General Director of Federal Programs, in conjunction with the Superintendent and the Union, will make determinations each year, prior to Spring transfer period, as to which schools will be in the Renaissance program. If finances permit, The General Director of Federal Programs, in conjunction with the Superintendent and the Union, may suggest additional schools be in the program on a year to year basis.

21.4.8 NBCTs who teach in Renaissance Schools shall receive an additional salary differential of \$4500 subject to negotiations between the School District of Hillsborough County and the Hillsborough Classroom Teachers Association. Eligibility for performance pay will be determined by the final teacher evaluation score, including all written components, as well as the value added measurement (VAM). Bonuses will be awarded to all teachers rated as highly effective. Performance pay shall be a salary supplement to be negotiated annually and paid the following school year after scores have been received, and no later than December 1. The parties agree that all teachers who attained tenure prior to July 1, 2011, shall retain the rights and privileges accorded by this contract. In the event the Hillsborough Tenure Act is reenacted and/or its repeal is ruled invalid, it shall automatically be incorporated by reference to this contract.
- 22.1.1 The parties agree that as tenure can no longer be granted after July 1, 2011, reference to “tenure” in this article and this agreement may be applied to any teachers who were granted tenure prior to July 1, 2011.

For purposes of this contract, all such teachers will be considered non-probationary, to the extent language differentiates based on probationary status.
- B. Annual Contract Teachers: Those teachers who had not gained tenure prior to July 1, 2011, but who have successfully completed one year of service and have an expectation of continued employment.

- C. Probationary Contract Teachers: Those teachers who have been awarded an initial employment contract for a period of one year with the school district. An employee may not receive successive probationary contracts unless there is a break in service.

23 SUSPENSION / DISMISSAL

23.1 Suspension

- 23.1.1 When a teacher is involved in an incident related to his/her employment which the Superintendent feels warrants his/**her** review, the Superintendent shall hold a hearing with the parties involved in order to insure due process.

Within ten days after the review, the Superintendent will send his/her findings to the teacher. Under this provision, the teacher may be suspended without pay up to ten days.

Any Hillsborough County teacher who is recommended to be suspended from duty may be reassigned to office duties in lieu of suspension by the Office of Professional Standards.

- 23.1.2 If the teacher does not agree with the Superintendent's findings, he/she may appeal the Superintendent's decision to

the School Board in writing within ten days. After the ten-day period, the Superintendent's decision is final.

23.1.3 Upon appeal, the Board will review the issue within two official Board meetings after the request is made. The Board will submit its decision to the teacher within ten days after the review.

23.2 Suspension Prior to Dismissal Proceedings

23.2.1 Any Hillsborough County teacher arrested for a felony, or for a misdemeanor involving moral turpitude, may be immediately suspended from duty by the Superintendent according to the following procedure:

- A. The Superintendent will notify the individual involved that he/she is relieving him of his/her assigned duties and is recommending him/her for suspension as of this date.
- B. The Superintendent will notify the individual that he/she will recommend to the Board at its next meeting that proceedings be initiated.
- C. The Superintendent will file charges against the teacher with the Board and request that a date be set to hear the charges.
- D. The charges will be served on the teacher with a notice of time and place of the hearing. The teacher must be served notice of the charges not less than ten days prior to such hearing.

23.3 Dismissal from Employment

23.3.1 A. A Hillsborough County teacher may be discharged from employment for the following: 1) immorality, 2) insubordination, 3) physical or mental incapacity to perform the duties of employment, 4) persistent violation of or willful refusal to obey laws or policies relating to the public schools, 5) excessive or unreasonable absence from the performance of duties imposed by the employment, 6) dishonesty while employed, 7) conviction of a felony or any crime involving moral turpitude, or plea of *guilty* to a felony or any crime involving moral turpitude or, 8) unacceptable performance. Reasons for discharge shall be provided to the school board; decisions rendered by the school board are final and will not be subject to the grievance and arbitration process of this contract or any other appeal.

B. For teachers who had acquired tenure prior to July 1, 2011, the following applies. Before any teachers shall be discharged from his or her employment after the

completion of a probationary period of employment by such teacher, charges in writing against such teacher specifying one or more of the causes specified in Section 23.3.1A, shall be filed by the superintendent with the school board and a copy thereof shall be served on such teacher with a notice of the time and place when a hearing upon such charge or charges will be held by the school board not less than ten (10) days prior to such hearing. At the time and place specified in such notice, the school board shall conduct a public or private hearing at the option of the teacher charged on such charges, at which hearing there shall be first presented the evidence in support of such charge or charges and thereafter the evidence on behalf of such teacher with respect thereto. At such hearing, the teacher shall have a right to be heard and represented by counsel.

Only evidence under oath or affirmation shall be received at such hearing, and both the superintendent and the teacher shall have the right to subpoena the attendance of witnesses at such hearing to be issued upon application to the clerk of the circuit court of said county. Full cross-examination of all witnesses shall be permitted, and the hearing shall be confined to the written charges served upon the teacher. A finding by a majority vote of the school board that any one or more of the charges made have been sustained by the evidence shall be essential to and sufficient to sustain the same, and without such finding the charges proffered shall be ordered dismissed by the school board. The school board shall deliver a copy of its findings upon said charges to the teacher within five (5) days. A written transcript of all the evidence submitted at the hearing shall be made, filed and preserved at the school board office. The school board shall provide a copy of such transcript of the evidence to be made and delivered to such teacher without cost to him or her within five (5) days after the completion of the hearing.

- 23.3.2 The record of assistance provided for a teacher, shall be entered into evidence at any teacher dismissal hearing.
- 23.3.3 All conferences with teachers related to unsatisfactory performance after a teacher has been notified that dismissal proceedings are contemplated shall be summarized in writing by the administrator with a copy furnished to the teacher. The teacher shall have the right to have a representative from the Association staff present at a conference related to teacher dismissal.
- 23.3.4 A teacher may submit written comments to be filed with a summary to any disagreement on the content.

23.3.5 Teachers under contract with the Board shall not be required to submit to a psychiatric examination unless the Superintendent contemplates bringing charges against said teacher pursuant to the Teacher Tenure Law. If such examination is requested, it shall be at the Board's expense. The institution of such a request and the results of the test shall be kept confidential by the Board unless formal charges are brought.

23.3.6 An Association member shall have the right to be represented by the Association's building representative or a member of the Association staff at any meeting or conference related to their conduct or performance. If it is determined corrective action is needed, the teacher shall be given assistance and a reasonable period of time for correction. When appropriate, progressive discipline shall be applied.

23.4 Due Process and Progressive Discipline

A. The parties recognize the value of due process and progressive discipline.

B. The following progressive steps will be followed in administering discipline; it being understood, however, that some more severe acts of misconduct may warrant circumventing the established procedure.

1. Verbal Reprimand

a. No written conference summary is placed in personnel file.

b. Employees must be told that a verbal reprimand initiates the discipline process.

2. Written Reprimand

3. Final written warning or Suspension

4. Termination

C. When the employee is to receive a written reprimand, a copy of the reprimand shall be provided to the employee once it is finalized. The employee shall have the opportunity to make a written response to the reprimand. A copy of the response shall be made to the principal or appropriate administrator.

24 GRIEVANCE PROCEDURES

24.1 Purpose of Grievance Procedure

24.1.1 The purpose of this procedure is to secure, at the administrative level closest to the aggrieved person, equitable solutions to the problems which may from time to time arise affecting the welfare or working conditions of instructional personnel. Both parties agree that the proceedings shall be

confidential at any level of the procedure.

24.1.2 To provide a standard procedure for certified personnel, the Board hereby adopts one procedure which shall be used by instructional personnel. The following definitions, purpose, and procedure shall be observed.

24.2 Definitions (Grievance Procedure)

24.2.1 A “grievance” is a claim based upon an event or condition which affects the welfare and/or terms and conditions of employment of a teacher or group of teachers and/or alleged misinterpretation or misapplication of any of the provisions of the agreement and/or Board policies which have not been resolved as a result of the pre-grievance conference with the principal in the office at the school center, or immediate supervisor elsewhere. Only grievances based upon a dispute involving the misinterpretation or misapplication of the agreement shall be arbitrable. All other grievances shall have Level III as the final step.

24.2.2 An “aggrieved” person is the person or persons making the claim.

24.2.3 A “party in interest” is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.

24.2.4 The “Association” refers to the teacher employee organization that is recognized as the exclusive bargaining agent.

24.2.5 The term “instructional personnel” shall be deemed to apply to and include teachers and other employees of the Board who are included in the teachers bargaining unit.

24.3 Rights of Instructional Personnel To Be Represented

24.3.1 CTA members shall have the right to be represented at Level I by the Association’s building representative or a member of the Association staff.

24.3.2 CTA members shall have the right to be represented at Level II and above by a member of the Association’s staff.

24.3.3 A teacher has the right to represent themselves at Levels I, II, and III of the grievance procedure.

24.4 Miscellaneous

24.4.1 If, in the judgment of the Association, a grievance affects a class of instructional personnel, the Association may submit such grievance in writing directly to the Superintendent, and the processing of such grievance shall be commenced at

- Level II. The Association shall have the unilateral ability to file a grievance at Level II in its own name as a result of a procedural decision at the county level.
- 24.4.2 Decisions rendered at all levels will be in accordance with the procedures set forth by Board policy, rules and regulations of the State Department of Education, Florida Statutes, and this agreement.
- 24.4.3 Documents, communications, and records dealing with the processing of a grievance will not be placed in the personnel file of the participants.
- 24.4.4 Forms for filing grievances, serving notices, taking appeals, making reports, and recommendations and other necessary documents will be jointly prepared by the County Superintendent and the Association and given appropriate distribution so as to facilitate operation of the grievance procedure. Each form will be in duplicate and signed by both parties, with each party retaining a copy.
- 24.4.5 The Board and Association agree to make available to the aggrieved person and his/her representative all pertinent information not privileged under law or Board policy, in its possession or control, and which is relevant to the issues raised by the grievance.
- 24.4.6 When it is necessary at Level II or III for a teacher to attend a meeting or hearing during the school day, the Superintendent's office shall so notify the principal of such teacher, and he/she shall be released without loss of pay and with a substitute provided for such time as attendance is required at such meetings or hearings.
- 24.4.7 No grievance shall be recognized unless it shall have been presented at the appropriate level within thirty school days after the aggrieved person knew of the act or condition on which the grievance is based, and if not so presented, the grievance will be considered as waived.
- 24.4.8 No reprisals of any kind will be taken by the Board or by any members of the administration or instructional personnel against any party in interest, any building representative, or any other participant in the grievance procedure by reason of such participation.
- 24.4.9 The Chief Officer for Human Resources shall be provided a written report at each level by the appropriate administrator, stating the grievance, decision reached, and the basis for such decision. Copies of said reports shall be provided to the Association on request.
- 24.5 Procedures

24.5.1 Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended or reduced by mutual agreement.

24.6 Pre-Grievance Conference

24.6.1 Before a dispute enters the grievance process, the teacher must request a conference with the principal or other immediate supervisor to discuss and attempt to resolve the problem. This conference shall precede all other steps in the grievance procedure and the administrative review referred to in Section 8.2. No grievance shall be recognized unless it shall have been presented at the appropriate level within thirty school days after the aggrieved person knew of the act or condition on which the grievance is based, and if not so presented, the grievance will be considered as waived.

24.6.2 There shall be no reprisal against any employee for processing a grievance or participating in the grievance process.

24.7 Level I

24.7.1 If the pre-grievance conference with the principal or immediate supervisor as defined in Section 24.6 fails to solve the grievance, the person or Association will file on a Level I form the grievance with their principal or immediate supervisor, either directly or together with the Association's designated building representative or staff member, with the objective of resolving the grievance. A written disposition of the grievance will be given to the party in interest within ten school days. Before a principal may make a written disposition of an adverse decision concerning a grievance, he must confer with their area superintendent.

24.8 Level II

24.8.1 If the aggrieved person is not satisfied with the disposition of their grievance at Level I, or if no decision has been rendered within ten school days after they have first met with the appropriate principal, they may file the grievance on a Level II form with the Superintendent, with a copy to the General Manager for Employee Relations, either directly or through the Association's representative after a decision by the aforesaid principal, within ten school days. The Superintendent and/or his/her designee shall have ten school days after receipt of the grievance in which to schedule a hearing.

24.8.2 The parties to the grievance may summon witnesses by notifying the General Manager for Employee Relations in

writing. The General Manager for Employee Relations will notify the parties involved and witnesses of the date, time, and place of the hearings.

24.8.3 Those permitted in the hearing room during the Level II grievance hearing will include:

- A. The Superintendent and/or a designee.
- B. The General Manager for Employee Relations, Hearing Officer.
- C. Those named as filing the grievance, or in the case of a large group, representatives of that group.
- D. CTA staff person, representing the grievant.
- E. School system administrators involved in the grievance.
- F. The Area Superintendent, representing the administrator(s).
- G. Secretaries to record the proceedings.
- H. Other parties as deemed necessary by either the CTA or the administration.

24.8.4 The complete proceedings at Level II shall be audio recorded.

24.8.5 Witnesses will remain in another room and will be called individually to testify. The Superintendent and/or their designee shall brief each witness as he enters the hearing room about the grievance. After the briefing, witnesses shall give a brief background and relate their experience with reference to the grievance.

24.8.6 The Superintendent shall render a written decision within ten (10) work days of the Level II hearing. Said decision shall be addressed to the grievant with copies to the other parties of interest.

24.8.7 All hearings held at Level II shall be in closed sessions and no news releases shall be made concerning progress of the hearings.

24.9 Level III

24.9.1 If the aggrieved person is not satisfied with the disposition of their grievance at Level II, or if no decision has been rendered within fifteen school days after the Level II hearing, they may file the grievance on a Level III form with the School Board through the Superintendent, with a copy to the General Manager of Employee Relations, either directly or through the Association's representative within five school days after a decision by the Superintendent, or fifteen workdays,

whichever is sooner.

- 24.9.2 Upon receipt of the appeal to Level III, the Superintendent shall notify the Board. The Board's secretary shall schedule a Level III hearing at the next available date.
- 24.9.3 The Superintendent and/or their designee shall submit a written report to the School Board and a copy to the Association. The report should set forth findings of facts, reasoning and conclusions on the issues presented at Level II.
- 24.9.4 The Association staff person shall submit a written report to the Board through the Superintendent and/or thier designee. The report should set forth findings of facts, reasoning and conclusions on the issues presented at Level II.
- 24.9.5 Prior to the Level III hearing, the General Manager of Employee Relations shall provide the Board and the Association with a verbatim record of the Level II hearing with supporting documents. In addition, they both shall be provided all the documentation to be considered at the Level III hearing.
- 24.9.6 The Level III hearing before the Board shall be an appeal of the Superintendent's decision at Level II. No witnesses shall be called and new evidence shall not be introduced.
- 24.9.7 The Level III hearing shall adhere to the following format:
- A. The Association staff person (or grievant) shall have 15 minutes to present the grievant's appeal.
 - B. The Superintendent (or designee) shall have 15 minutes to justify the Level II decision.
 - C. The Association staff person (or grievant) and the Superintendent (or designee) shall each have five minutes for rebuttal.
 - D. The Board shall have the authority to question the representatives making the presentation.
 - E. The Association staff person and the Superintendent (or designee) shall each have two minutes for closing remarks.
 - F. The Board shall render its decision.
- 24.10 Level IV
- 24.10.1 If the grievance is not solved at Level III to the grievant's satisfaction, or if a written decision is not submitted within the designated time limits of Level III, the Association may move

the grievance to arbitration by filing a Level IV form with the Superintendent.

- 24.10.2 Within ten school days of receipt of the Level IV grievance, the Superintendent and/or their designee will meet with the Association for the purpose of selecting a mutually acceptable arbitrator.
- 24.10.3 If the parties cannot agree on an arbitrator within ten school days, the American Arbitration Association or the Federal Mediation Conciliation Service will be petitioned by the Association to appoint an arbitrator.
- 24.10.4 The arbitrator shall confer with the representatives of the Board and the Association and hold hearings promptly and shall issue a decision. The arbitrator's decision shall be in writing and shall set forth findings of facts, reasoning, and conclusions on the issues submitted. The decision of the arbitrator shall be submitted to the Board and the Association and shall be final and binding upon the parties.

24.11 Arbitrator Hearings

- 24.11.1 The arbitrator shall give at least ten days' notice in writing to the Association and the Superintendent of the time and place of such hearing. The hearing shall be informal, and the rules of evidence prevailing in judicial proceedings shall not be binding. Any and all documentary evidence and other data deemed relevant by the arbitrator may be received in evidence. The arbitrator shall have the power to administer oaths and to require by subpoena the attendance and testimony of witnesses, the production of books, records, and other evidence pertinent to the issues presented to him for determination.

The hearing shall be concluded within ten days of its commencement. Within ten days after the conclusion of the hearings, the arbitrator shall make written findings and a written opinion upon the issues presented, a copy of which shall be mailed or otherwise delivered to the parties involved.

The decision of the arbitrator shall be final and binding upon the Association and the Board.

- 24.11.2 The arbitrator shall conduct the hearings and render their decision upon the basis of a prompt, peaceful, and just settlement of disputes between the teachers and the Board.
- 24.11.3 Fees and necessary expenses of arbitration shall be borne equally by the Association and the Board.
