A NOTE FROM THE PRINCIPAL

Hello Burnett Family!

Welcome to the 2020-21 School Year. Whether your child is on campus or receiving instruction through eLearning, our goal is the same. We’ve adopted the theme Together We Grow, and we are looking forward to working together so that Burnett can grow into one of the best middle schools in the district.

Our instructional priorities place a focus on positive relationships, cultural sensitivity, delivering high quality instruction using strategies to meet the diverse needs of our students, and a constant reflection to improve our way of work.

But we can not do this work alone. We need the support of our families and community to reach our goals. We encourage you all to be involved by supporting our established positive behavior plan, keeping the lines of communication open with teachers and other staff, and remembering that we are all in this together. Let’s have a great year!
