We have planned a few adjustments in procedures as we begin the year. These are to protect our students and staff. Hopefully we can relax these a little as things change throughout the year. A few changes to expect: Only students and staff will be allowed in the building. Car riders will be dropped off only – no parking. Walkers and bikers – parents must stop at the corners by the STOP signs. We will not have volunteers here during the school day. Parents will not be able to have lunch/breakfast here. We are encouraging wearing masks at all times possible.

Meet the Teacher will be “virtual” and you will receive more information very soon. We expect to hold these events on Wednesday, Thursday, and Friday evenings, the week before school starts.

Parents and Families – please know that all policies and procedures are subject to change in response to official health and safety directives from the CDC, State of Florida, and our School District. We will be modifying our procedures in response to current information and directives. Thank you in advance for your flexibility and understanding as we work to be responsive to ever-changing situations.

Please participate in district surveys to help us plan for 2020-2021. Please call the office if you have questions. 813.558.5422
