

Welcome to Wharton High School 2020-2021.

We're looking forward to getting back to school. Things in the world are a bit crazy right now, but hopefully school starting back can be a sign of some normalcy returning. We are working to get our building ready for the return of students, teachers, and staff. This summer Wharton has gotten an overhaul to the air conditioning system. There are no words to describe our enthusiasm of the completion of this project. The overhaul is a direct result of the passing of the half cent sales tax. Simply put thank you for supporting our schools. All of our administrators return this year. We have a strong team of administrators that will continue to get better. Teachers return to school on July 31st, we're excited about the new Wharton faculty. Check back in early August for a quick introduction of our newest faculty members. Students return on Monday, August 10th, with open house scheduled for Wednesday, August 5th. This will be an opportunity to meet teachers, get schedules, meet coaches, sign up for PTSA and Booster Club to mention a few things. More open house details will be posted as the date gets closer.

Though we do not have all the details yet of what school will look like in the fall, please know we will keep the safety of our students, teachers, staff, and community in the forefront of everything we do.

If you have any questions as the opening of school approaches, please do not hesitate to reach out and ask, 813-631-4710.

Michael Rowan
Principal, Wharton High School
