August, 2020

This is a different "Welcome Back" letter. All of our other welcome back letters begin with ..."Congratulations on making an "A" the previous year. We didn't have State Testing last year so there is no State grade for which to congratulate.

However, since I'm the Principal, I have decided that Congratulations are, without a doubt, still in order.

We earned an A+ !!!!!

A+ to our Instructional staff for completely changing their way of work and doing it well.
A+ to our Guidance staff for continuing to care for and meet the needs of our families and doing it remotely.

A+ to our students for working hard and understanding the importance of their own education.

A+ to our parents for their care, patience, and involvement during e-Learning.

A+ to our Custodial staff for working to clean our building and for being ready and willing to work while most of us were at home.

A+ to our Cafeteria staff for serving food at the Grab 'n Go food distributions...when the line did not seem to ever end.

A+ to our office staff for answering calls and being calm and helpful to those who were seeking help.

A+ to our clinic staff for being so reliable, ready to work, and all the while having wonderful, positive, attitudes.

This year will no doubt have challenges, yet I cannot think of a community in which I would rather do this job.

Respectfully,

Tim Ducker
